

ENG 101

LESSON 17

Ex: 1. A good education should, among other things, train you to think for yourself. The examination system does anything but that. What has to be learnt 1 _____ strictly laid down by 2 _____ syllabus, so the student 3 _____ only what is prescribed. Examinations 4 _____ not motivate a student 5 _____ read widely; they 6 _____ his reading. They do 7 _____ encourage him to seek 8 _____ knowledge; they narrow the 9 _____ of study.

They lower 10 _____ standards of teaching, for 11 _____ deprive the teacher of 12 _____ freedom. Teachers themselves are 13 _____ judged by examination by results, 14 _____ instead of teaching their 15, _____ they are reduce to 16 _____ their students in the 17 _____ of taking examinations which 18 _____ despise. The most successful 19 _____ are not always the 20 _____ educated. They are merely the best trained in the technique of working under stress and strain.

Ex : 2. Global warming is by no means a new phenomenon: it has been around since the creation of Planet Earth itself. At first the process was beneficial: it brought Earth out of the ice ages into a time when humanity could survive on it. Now, however, it has become a problem. 1 _____ has happened in 2 _____ ways, the 'runway' 3 _____ effect and ozone 4 _____ depletion. This is 5 _____ the greenhouse effect 6 _____; ordinarily energy from 7 _____ Sun reaches the 8 _____ and is reflected 9 _____ into space, but 10 _____ greenhouse gases forming layer around the planet, the reflection process cannot take place and the energy is trapped, heating up the atmosphere.

Ex : 3 Selected Deletion Cloze

Notice the blanks are not after a fixed number of words.

My dear children,

It's hard to believe that I've been here for a month. The time passes so quickly and there's so much to do. I've managed to see all the members of the family. I 1 _____ as much time as I can with the children. Last week I 2 _____ -Mark and Michelle to the circus. 3 _____ never been before as they live quite far from the nearest city and their parents 4 _____ have time to drive them there. I 5 _____ that's what grandmothers are for. At any 6 _____ Susan lent me her car - it's a brand 7 _____ bright red Mini. We left early in the morning so as to make a day of 8 _____.

In the morning we 9 _____ to the zoo and in the afternoon to the circus.

As 10 _____ can imagine, the children were very excited. They loved everything. Mark 11 _____ the wild animals the most exciting and Michelle is 12 _____ to be an acrobat when she grows 13 _____.

After we'd been there for about two hours we 14 _____ an announcement over the loudspeaker. The owner of the red Mini, number PUR 727V, 15 _____ requested to come to the manager's office 16 _____. Naturally, I didn't know the number of 17 _____ car so I left the children and went to the manager's office to 18 _____ out if it was our car.

The manager looked very upset and 19 _____. No one else had answered his call so I assumed correctly that it was Susan's car.

20 _____ that I'd left the lights on, or parked in 21 _____ way, I wasn't 22 _____ concerned, but I didn't know why the manager looked so disturbed. He began to 23 _____ what happened and it took me some time to understand 24 _____ confused explanation.

25 ____ appears that the elephants are trained to sit on red boxes. One of the elephants
 26 ____ escaped and when he saw the 27 ____ red car he promptly sat on
 28 ____! As you can imagine the car looked a mess. One side was squashed 29
 ____ but it was still possible to drive. The manager assured 30 ____ that the circus
 would pay for the 31 _____. He couldn't have been more apologetic.
 The children were very 32 _____ and giggled about the incident all the way home. 33
 _____ before we got there, we 34 _____ the scene of a serious accident.
 About a mile 35 _____ on a policeman stopped us and asked if we'd 36
 _____ involved in the accident. I wish I had a 37 _____ of his face when I told him
 what had happened 38 _____ the car.
 I think he wanted to arrest me for drunken driving! Fortunately the 39 _____ were there
 to back me up. 40 _____ are you managing without me? please don't 41 _____ to water
 my plants. I'm planning to leave here 42 _____ the end of the month.
 My love to you all

Mom

(Cloze in Class: Moller & Whiteson)

Over population is one of the most serious problems facing the world today. The world's
 exploding population _____, even more growing pains _____ for already crowded
 areas. _____ new United Nations study _____ that by the year _____ five billion persons
 will _____ added to the 6.5
 in the world today. _____ more troubling than the _____ number of inhabitants
 are _____ estimate of where they will be concentrated.

(Advanced Reading Skills)

Markstein & Hirasawa

If there were a perfect robot, what would it be like? Imagine a _____ able to wax
 the _____, wash the _____, and iron the _____, not to mention the fact that it would be
 able to entertain, learn, and perform several other _____. What a time-saver a self-
 ambulatory robot would be. Who wouldn't want to sit back and relax while a robot did the
 house close?

If I were to design my own robot it would need to do more than just the everyday house
 _____ like making the _____ and dusting the _____. First of all, it would need to be
 intellectual. It would need to be able to reason, understand, and carry out other _____ of
 mental activity, such as helping me complete difficult math _____ or proofreading my
 English _____ for grammatical or spelling _____. Intellect would be the key quality of
 my personalized robot.

Oliver is a film about an orphan 1 _____. The story 2 _____ Charles Dickens, the
 famous novelist. It 3 _____ in England during the 4 _____. Oliver, 5 _____
 escapes from a workhouse and 6 _____ London. 7 _____ he meets the
 villain, Bill Sykes, and Nancy, his girl friend, the pickpocket, artful Dodger, and Fagin, the
 old beggar.

8 _____, the beggar and the pickpocket teach him 9 _____ to survive, but
 then the police. 10 _____ The judge lets him 11 _____ with his uncle, Mr.
 Brownlow, a 12 _____ man. 13 _____ Bill Sykes is killed, and Oliver goes to
 14 _____ happily 15 _____ uncle. It's such an 16 _____ and
 17 _____ story about a boy's 18 _____ for 19 _____ that nobody should
 20 _____.

A robot is a machine designed to do tasks usually / by people. ...done...Robots already
 do / jobs. They ...many... weld parts and spray paint in car
 factories. They do dangerous work 1..... as handling explosives. Some even
 in space and under the ocean. 2.....hard working machines usually 3.....

don't have human shapes. If I were to design my own robot
it would need to do than just 4household chores. My robot will be
a masterpiece, to perform almost 5any task with agile precision. It will
be able to solve tough problems a 6.....matter of seconds that would
normally human beings hours to 7..... complete. It will use intelligence and
agility to perform numerous tasks.My robot will be maid, my business 8.....
partner and my library rolled into 9.....unique machine. There is but 10....
problem. How many decades untilthis ideal robot is actually built?
